Three Great Presidents---

Appreciate Childhood

President Roosevelt *said--*

"Childhood is the battleground where victories against poverty, disease and crime count most."

President Hoover *prepared--*

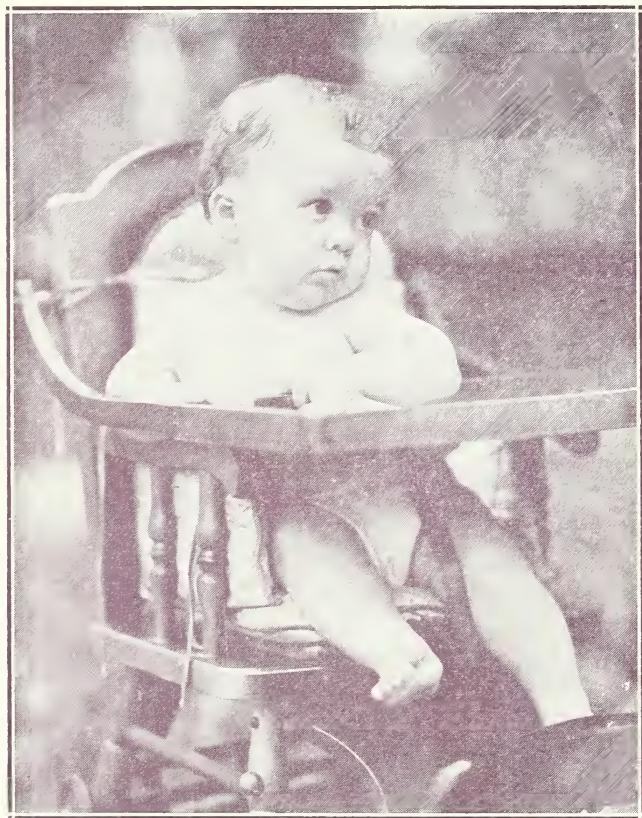

"THE CHILD'S BILL OF RIGHTS" as follows:

"The ideal to which we should strive is that there shall be no child in America that: Has not been born under proper conditions. Does not live in hygienic surroundings. Ever suffers from under-nutrition. Does not have prompt and efficient medical attention and inspection. Does not receive primary instruction in the elements of hygiene and good health. Has not the complete birthright of a sound mind in a sound body, and the encouragement to express in fullest measure the spirit within, which is the final endowment of every human being."

President Coolidge *said--*

"The best service we can give the needy and unfortunate is to help them in such a way that their self-respect, their ability to help themselves shall not be injured but augmented. Nobody is necessarily out because he is down. But, being down, nobody gets up again without honest effort of his own. The best help that benevolence and philanthropy can give is that which induces everybody to help himself."

"No child can grow up twice. Today is vital for him."

"Verily I say unto you, inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

—MATT. 25:40.

The absolutely necessary and wonderfully worthwhile work of the Children's Home Society of Florida—which during the past thirty-one years has cared for over twenty-two thousand homeless and orphan children, **MUST** continue. It's service is more needed in Florida today than ever before.

This great State-wide service to childhood is maintained entirely through voluntary contributions of money, food and wearing apparel.

Report of the State Superintendent

THE important fact to record in connection with the year of 1933 and the Children's Home Society of Florida is that we weathered the storm and are still on the job in spite of the most destructive depression in the history of our Nation. This one fact—when business firms, banks, huge corporations and many welfare organizations have gone down in the storm—is re-assuring, and should bring not only a feeling of deep gratitude for the friends who have stood by us financially and otherwise, but should bring a feeling of hope and assurance for the present year, for it seems very unlikely that the present year will be any worse than the years we have gone through.

Our General Fund income has been greatly reduced—by over \$14,000.00—as everyone would expect, but our disbursements have also been greatly reduced—reduced in fact to a deadline beyond which it would seem we should not go farther.

We used up the balance on hand last January of \$11,927.84 and start the year of 1934 with a balance of \$2,486.09. The net deficit in disbursements over receipts for the year in our General Fund is \$9,441.75, which I do not feel is discouraging considering the conditions we have had to face all thru the past year.

Practically this entire deficit is represented in the very large reduction in our income from Community Chests in Jacksonville and Miami—so that if our income from Chests in these two cities had been anything like we had anticipated during the year, our deficit would have been very small indeed. This is not a reflection on these Chests for a Chest can give to its Agency members only that which the public contributes to the Chest.

87886

THREE BRANCHES PULL THRU WITHOUT DEFICIT

I am glad to report that each of our three Branches at Lakeland, Pensacola and Miami pulled thru the year with a small balance on hand, the Miami Branch being the only Branch needing any aid from our Headquarters Fund, this being due to the collapse of the Community Chest in Miami, which went out of business some months ago.

The fact that all three Branches pulled thru the year without any deficit indicates that the work they are doing for the children in need in each of those sections of the State is being appreciated, and should lend us all some real encouragement.

OVER THIRD OF POPULATION OF FLORIDA ON RELIEF

When we stop to realize that during practically all of 1933 there were over 400,000 men, women and children on the Relief Lists of our various counties—or one-third of our entire population—and that another third of our people were out of employment and on the verge of actual want during the year, it surprises me that we were able to raise as much money as we have—and I am sure we are all exceedingly grateful for the condition our Society is in financially and otherwise today.

ARTICLES OTHER THAN CASH GREATLY REDUCED

A very definite factor in connection with our disbursements has been the fact that our contributions in fruits, vegetables, meats and other provisions—and in clothing, shoes, etc.—have been almost completely cut off during the entire year. Not only have thousands of families been forced to wear all their clothes to the wearing-out point, but the need in every county in Florida has been so great that nothing could be sent to our Society. This has compelled the expenditure of much more money on our part for provisions and articles of wearing apparel.

ALL COMMODITIES COST MORE

The increased cost of commodities, shoes and wearing apparel has also proven a definite factor during recent months, increasing our expenditures so that considering all the factors of the year—of increased costs and greatly decreased income—I honestly feel that we have done very well—and I want to give the major portion of the credit to our Staff of Workers in our offices, in the field and in our Receiving Homes for it has been largely their fine co-operation and economy that has made our favorable record possible.

REQUESTS AMOUNT TO \$16,888.25 IN 1933

Requests received during the year—paid in cash—amounting to \$16,888.25 have helped materially in keeping our Building Fund in good shape—and are practically double the amount of the deficit in our General Fund—so that if these receipts had been credited to our General Fund we would have shown a fine balance for the year.

RECEIVING HOMES KEPT IN REPAIR

We have kept all of our various Receiving Homes and other properties repaired and painted as well as could be with our reduced income—and were particularly fortunate in being able to have all of our Jacksonville Receiving Home Buildings and the Barrett Memorial Home in South Jacksonville painted and repaired while the R. F. C. funds were available—for under the FERA and CWA no such aid can be given to private agencies or institutions. We added a badly needed sleeping porch to the Barrett Memorial property during the RFC period and painted and papered the Home thruout. Our Lakeland and Pensacola Homes need some repairs and painting badly but otherwise our properties are in pretty, good order.

MEN'S AND WOMEN'S BOARDS HELP GREATLY

Our Woman's Board, our General State Board of Directors, our Branch Men's and Women's Boards have all been exceedingly helpful during the year and I desire personally to express my very deep appreciation for all the services that have been rendered in every way, for without these invaluable contributions of service our work could not have gone forward.

MANY SOURCES OF AID

I will not try to enumerate all the various contributions that have had a very definite part in our program through the past year, by railroads, bus companies, churches, civic clubs, Women's Clubs, the American Legion, city and county officials, co-operating welfare agencies, newspapers, sunday schools, young people's societies and others, but I do want to express gratitude genuinely for every service of every kind by every group, business firm or individual in the State.

PHYSICIANS AND HOSPITALS HELP WONDERFULLY

Particular mention must be made of the wonderful services rendered by our staff of physicians, specialists, dentists and the generous co-operation of the hospitals thruout the State. Without these invaluable services there is no telling how many little lives might have been lost during the year, or what untold suffering our children would have had to endure. Dr. Luther Holloway as Chief-of-Staff, has directed the general medical service during the year and has had fine co-operation from all who were called upon to serve.

Aside from the services rendered to the children at our Receiving Homes, hundreds of visits were made to the offices of physicians, specialists, and dentists, 619 of these visits being made by Miss Sara Williams and Mrs. Frank N. Stormont in the interest of the children of our Receiving Home and some of our boarding home children in Duval County. 474 of these visits were made in Duval County in connection with boarding home children other than medical care. 760 visits were made in investigation and supervision service to Duval County homes, and 1,249 miscellaneous visits incident to our services to children in Duval County. We have not itemized the total number of visits made in connection with our work thruout the entire state but with over 2,500 visits in Duval County alone you can imagine how many visits have been made all thru the State. Yet, the cost of all this placing and supervision service was only \$2,661.49 for the past year. Passes and special rates on railroads and bus lines helped keep this expense item down very definitely.

LAKELAND COMMITTEE RAISES \$1,505.47

The largest single amount raised for us during the year was at Lakeland early last year when under the direction of Messrs. Allsopp, Koons and Lassiter a fund of \$1,505.47 was secured thru a series of dances which attracted visitors from several adjoining counties. Many other benefits during the year by civic clubs, womens' clubs, the Children's Home Committee at Orlando, churches, etc., netted many hundreds of dollars.

Thanksgiving and Christmas dinners were furnished as in many previous years by the American Legion, thru the co-operation of Howard Rowton, Department Adjutant for Florida.

Many happy occasions were provided for the children of our Receiving Homes all thru the year, picnics, parties, moving pictures, all of which helped very definitely in keeping our youngsters well and happy.

JUNIOR LEAGUE AT MIAMI CONTINUES GREAT SERVICE

The Junior League at Miami has conducted the Junior League Home for our children of Dade, Broward and Monroe Counties thru another year in

a wonderful way—and no words of appreciation can begin to indicate all the gratitude that we should like to express for this wonderful co-operation.

The Junior Welfare League of Lakeland has rendered a most helpful service to the children of our Rose Keller Home all thru the past year—for which we are deeply grateful. We wish we could enumerate all the services rendered.

1836 CHILDREN CARED FOR LAST YEAR

The total number of children receiving our aid, care and supervision during the year was 1836 as compared with 1992 in the previous year. When you realize how definitely our income has been reduced you will agree—I am sure—that we have done very well with the funds at our disposal. Of this number 790 were under our care and supervision on January 1st, 1933, which means that 1,046 children (746 of whom were new cases and 281 were recurring cases) were added to our family during the year. Of these 267 came thru the Miami Branch, 92 thru the Pensacola Branch and 73 thru the Lakeland Branch.

351 children were placed in homes during the year.

83 children were returned from foster homes during the year.

58 children were placed in summer homes during the past summer.

55 children were legally adopted during the year.

Of the 1,046 new and recurring cases, 186 came to us from Duval County, 689 from other counties in Florida, 171 from 25 other states.

Delinquency of parents, foster parents, relatives and children was the largest contributing factor in bringing children under our care, 191 coming to us because of this factor.

Death of parents was the second largest factor—177 coming under our care because of death. Separation of parents was third—with 80 children; neglect next with 70; desertion, 69; sickness, 60; illegitimacy, 69. There were many other contributing factors.

WE START 1934 WITH 846 CHILDREN UNDER OUR CARE

We started 1934 with a family of 846 children under our care and supervision—56 more than we had at the beginning of 1933. 160 of these are in our Receiving Homes, 39 in special schools and institutions, 444 in foster homes under supervision, 21 in boarding homes, one in hospital, 5 addresses temporarily unknown, 176 under study.

Two children died during the year, making a total of 46 deaths in our 31 years of service to over 22,000 children. The normal death rate would have been 1,430 children.

Our Branches at Lakeland, Miami and Pensacola have all rendered a real service during the year and our Branch Boards of men and women deserve great credit for their real interest and aid.

BARRETT MEMORIAL HOME RENDERS AID TO PROBLEM BOYS

The Barrett Memorial Home in South Jacksonville, in charge of Mr. and Mrs. P. R. Forbes, has continued to look after our older problem boys, rendering a very definite service. Our Murray Hill site where we are going to build our new Receiving Home some day has been conducted into a fine vegetable garden under the direction of Mr. O. J. Stenwall, who has volunteered his time and done a very fine job.

We are sorry indeed to record the death of Dr. A. L. Evans, member of our Miami Board of Directors. We shall miss his fine friendship very keenly.

CHANGES IN PERSONNEL

We regret to announce the resignation of Miss Sara Williams, our City Field Worker in Jacksonville for many years, Miss Bessie Pope, an assistant in our office in Jacksonville, Mrs. H. C. Collins, matron of our Rose Keller Home at Lakeland, Mrs. B. L. Cannon of Lakeland and Mrs. Mary Craig of Jacksonville.

We appreciate fully the fine devotion of these workers and wish them well in their new fields of service.

ESSIE MEMORIAL FUND

We are very thankful for the continued interest of the Young Peoples' Societies of Christian Endeavor of Florida for their contribution of \$486.57 during the year to help provide for several little afflicted children who otherwise could not have been cared for.

STAFF OF WORKERS—Devoted and Loyal

I want to say a very particular word of appreciation to my staff of workers in the offices, in the field and in our Receiving Homes—for their peculiar devotion, loyalty and services during the entire year, but particularly during the months that other services have made it necessary for me to be absent from our Society. Frankly, I have been deeply touched by this devotion and loyalty—and only wish I knew how to adequately express my appreciation. In this connection I desire particularly to commend Miss Elizabeth Deaver who has borne the lion's share of responsibility directing the work in my absence and has rendered invaluable and efficient services—and has reduced my own responsibilities very definitely.

F. E. R. A. AND C. W. A. CLAIM MUCH TIME

In connection with my services as State Director of the Florida Emergency Administration and more recently as Administrator of the Civil Works Administration in Florida, I desire to express my sincere appreciation of the big, broad and generous spirit shown by our Board of Directors in permitting me to have the leave of absence which has made and is making it possible for me to serve the people of our entire State—as well as the children of Florida—in the largest way that I have ever been permitted to serve. Frankly, friends, even from the standpoint of our own Society, I am certain that I have been able to render a very much larger and more definite service to the childhood of Florida than I ever could have done or can now do thru the Children's Home Society of Florida, for thru the millions of dollars I have been able to secure for the immediate relief of needy families of Florida since July first, I am sure that hundreds—if not thousands—of needy little children have been kept in and cared for in their own homes who otherwise would in large numbers have been referred to our Society for aid and care. This has been a preventive service that is far-reaching in its effects. Thousands of children have been furnished warm school lunches and have had other invaluable services rendered thru this great relief program, and been kept in school with the aid of the F. E. R. A.

More recently thru the C. W. A. men and women—over 95,000 of them—have been given employment at reasonable wages—and once again our Society is thus saved the necessity of caring for hundreds of children who would otherwise need our care.

Social work surveys now under way in Florida are more far-reaching in their effects than any service I could ever render to the childhood of Florida thru our Society and are the most constructive program any State in the South has ever dreamed of. These are made possible largely because a social worker is at the head of the program with the C. W. A. and F. E. R. A.

It would seem, therefore, that while I cannot render the detailed service to the comparatively small group of children actually under the care of the

Society, that I otherwise could render—if I were here actively directing the work—I actually am rendering a much larger and more effective service to the children of Florida than I have ever been privileged to do heretofore.

Not all this will cease, of course, if I am recalled to the active direction of our Society's work, but there is some danger at least that if a person were appointed who should not be interested in the humanitarian and welfare end of the program some of these great services might be scrapped—and a purely political and commercial program set in.

LOYALTY TO CHILDREN'S HOME SOCIETY OF FLORIDA FIRST

My loyalty has always been and always will be with the Children's Home Society of Florida. It would be so much easier—so much more pleasant and agreeable—to return to my home, my family, my friends, a normal social life—and to be rid of intrigue, politics, selfishness and greed—but for the present at least it seems to be my duty to remain at the helm of a great Governmental experiment in Florida—and I ask your continued devotion to the Home Society during these months when I am obliged to be away—and you may rest assured I will come back to you all as soon as it seems that I can be safely replaced at Tallahassee—or when there are such changes in the program as may make it seem wise or necessary for me to retire from the leadership of this unusual program of service in our State.

In closing may I again express my deep appreciation for the increased and invaluable services you have each given to the Society—and may a Kindly Providence lead us all out of these troublous times into a safer, more normal, more secure and happier period.

Very respectfully yours,

(Signed) MARCUS C. FAGG,
State Superintendent.

Unwanted!

— by —

WM. D. GOOLD

*Day after day I wait to see
Somebody come who may want me.
Week after week, year after year,
I wait and wait and still I'm here.*

*It's not my fault that I'm not fair,
Supple and crowned with golden hair;
I didn't ask to be born this way;
If only some one would come, today!*

*Just last week a sturdy boy
Was taken to be the pride and joy
Of a woman who had no boy of her own,
She turned her back when I was shown.*

*Just last night a dainty girl
With creamy skin and hair a-curl,
Was gathered up in a rich man's arms;
If only I had her winsome charms!*

*Unwanted! God, let some one come
And take me away and give me a home.
Crooked and lame, a sight to see,
But I could love as well as she.*

Our Honor Roll

Over three hundred and fifty thousand dollars have been provided for the Children's Home Society of Florida—through one hundred and fifty bequests and special funds since 1913—twenty years. Last year fifteen bequests brought a total of \$16,888.23 to aid in our marvelous service to Florida's little ones in distress and need.

We are exceedingly grateful to these friends "whose deeds will live after them" in the lives of countless little helpless children, to whom a "real chance in life" will be given through their generous help.

We earnestly hope others among our thousands of friends in every section of Florida will make their wills promptly, and honor our Society and its great work by remembering our children in their wills.

There really is no other service on earth that can possibly mean more than the placing of utterly homeless and helpless children in carefully selected family homes of love, care, education and legal adoption.

Every dollar left to our Society is used directly and only for the actual care and placement of homeless and needy children, without any deductions for overhead expenses.

Herewith follows the list of those who have made their money live in the lives of thousands of helpless little children since 1913:

1913	Hon. E. O. Painter, Jacksonville, former director Children's Home Society (paid)	\$ 1,000.00

*"Childhood is the battleground where victories
against poverty, disease and crime count most."*

—President Roosevelt.

Community Chests in 1933

Last year was a hard year for Agency members of Community Chests in Florida, for the contributing public fell so far short of the pledges made that every Agency received much less than was allotted, which meant a great reduction in receipts—and a great curtailment in the services rendered. In the fall of 1932 the Pensacola Chest was discontinued. In the fall of 1933 the Miami Chest decided to close up. The Jacksonville Chest paid its Agencies thousands of dollars less than the Agencies were assured, but is continuing to function, and we hope will be able to pay its Agency members much more than in 1933. The Chest plan is practical and economical and deserves the support of every citizen, who desires to make his dollar accomplish the greatest good.

I Wonder

*I wonder if I have the right
To let myself forget to care
How children shiver in the night
Where all is dark and cold and bare.*

*My little ones are free from dread
And sheltered safely from the storm,
Their eyes are bright, their cheeks are red,
Their laughter glad, their clothing warm.*

*But other little ones must weep,
And face new dread with each new day,
Where Hunger's fangs bite very deep
And Want sits like a ghost in gray.*

*I have no need to share the blame
If pallor dims the orphan's cheek,
I have not made the cripple lame,
Nor taken from the poor and weak.*

*But, knowing how they weep at night,
Where all is dark and cold and bare,
I wonder if I have the right
To let myself forget to care.*

—S. E. KISER.

Our Officers, Directors and Women Boards for 1934

No other Agency in Florida—of any kind—commercial, educational, or charitable, can possibly boast a finer or more wonderful group of Directors, Officers, and women than The Children's Home Society of Florida. These men and women are giving endless time, thought and effort to the personal direction of our general State work, and its three Branches—in addition to generous contributions in money. You need not hesitate to place your moneys in their hands, for no Bank in Florida has as capable or more notable group on its Directorate.

SOUTHEASTERN DISTRICT—MIAMI—

Mrs. Nora Shaw, District Superintendent.

The Junior League of Miami controls and conducts the Junior League Children's Home (formerly our Southeastern Branch Receiving Home) and supports it entirely. Our children from Dade, Broward and Monroe Counties are cared for in the Junior League Home. We are deeply grateful for the wonderful service being rendered these children by the Junior League of Miami.

Hospitals

Our Specialists, Physicians and Dentists could not have made the wonderful record they did last year were it not for the wonderful and complete co-operation of the Hospitals all over the State, who so gladly serve our little children without remuneration. To the Officers, Directors, Staffs of Physicians, Nurses and Attendants of all these Hospitals we offer our deepest gratitude continuously.

We mention particularly St. Luke's Hospital, St. Vincents, Hope Haven, Riverside Hospital and the Duval County Hospital in Jacksonville. The Jackson Memorial Hospital in Miami, the City Hospital conducted by the Sisters in Pensacola, and the Morrell Memorial Hospital at Lakeland.

Staff of Physicians, Specialists and Dentists

for 1934

No words can adequately express our debt of gratitude and appreciation for the invaluable services rendered by our Staff of Physicians, Specialists and Dentists, all over the State, who have attended to the medical and dental needs of our big family of children—without any compensation—other than the Joy of Service. The fact that last year we lost by death only two wee little babies (one who passed away at the Hospital before we actually received him under our care) out of almost two thousand children, when the normal death rate should have been over a hundred children—tells the story of service—better than we can. We are proud indeed of the following Staffs:

*Could I But Make One Wan Face Smile*

By Mrs. Clifford Ireland

Could I but make one wan face smile,
 Put joy where grief has been,
 Could I but ease some suffering child,
 See Hope and Faith come in;
 Could I coax back to life some soul
 Beset with pain—despair—
 Then I, indeed, would reach that goal
 Of my heart's great desire.

To see faith come where grief has been,
 To see wan smile fade out,
 To see serenity enthroned
 And joy replace the doubt—
 Ah! this is the eternal thing
 In all the world today,
 This is the only joy life holds,
 So I in faith do pray.

That I will make one wan face smile,
 Put joy where grief has been,
 Make happy some sweet suffering child
 All whole without—within.
